EXPLANATORY NOTE**

Darwin Professional Underwriters, Inc. (Darwin or the company) is filing this Amendment No. 1 to its Annual Report on Form 10-K for the fiscal year ended December 31, 2007, as originally filed with the Securities and Exchange Commission on February 29, 2008 (the Original Report), solely for the purpose of amending and supplementing Part II and Part III of the Original Report. This amendment changes the Original Report only by including information required by Part II, Item 9A, and by Part III, Item 10, which had been inadvertently omitted from the Original Report. This Amendment No. 1 continues to speak as of the date of the Original Report, and the company has not updated the disclosure contained herein to reflect events that have occurred since the filing of the Original Filing. Accordingly, this Amendment No. 1 should be read in conjunction with the Original Report.

As required by Rule 12b-15, Darwin s principal executive officer and principal financial officer are providing Rule 13a-14(a) certifications in connection with this Amendment No. 1 on Form 10-K/A. Since financial statements are not contained in the Amendment No. 1, the Company is not furnishing Rule 13a-14(b) certifications in connection herewith.

PART II

Item 9A. Controls and Procedures

Disclosure Controls and Procedures

Darwin maintains disclosure controls and procedures (as that term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (Exchange Act)) that are designed to ensure that information required to be disclosed in the Company's reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures. The Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of December 31, 2007. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the design and operation of the Company's disclosure controls and procedures provide reasonable assurance that the Company's disclosure controls and procedures are effective to accomplish their objectives.

Management's Annual Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal control system was designed to provide reasonable assurance to our management and Board of Directors regarding the preparation and fair presentation of financial statements for external purposes.

We carried out an evaluation, under the supervision and with the participation of our management, including our CEO and CFO, of the effectiveness of our internal control over financial reporting based on the framework in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on that evaluation, our management, including our CEO and CFO, concluded that, as of December 31, 2007, our internal control over financial reporting was effective. Our independent registered public accounting firm that audited the consolidated financial statements included in this Form 10-K Report has also audited the effectiveness of our internal control over financial reporting. We note that all internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Change in Internal Control over Financial Reporting

During the third quarter of 2006, the Company created and staffed its own internal audit function, reporting directly to the Audit Committee of the Board of Directors, which is expected to plan and perform a number of the internal audits previously performed by Alleghany's internal audit staff. In connection with the evaluation required by Rule 13a-15(d) or Rule 15d-15(d) under the Exchange Act (the Rules), the Company's management, with the participation of the Chief Executive Officer and Chief Financial Officer, concluded that other than as stated in the immediately preceding sentence, there was no change in the Company's internal control over financial reporting (as that term is defined in the Rules) that occurred during the quarter ended December 31, 2007 that materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
