ABOUT TRINITY

Trinity is one of the nation's leading diversified industrial companies providing a variety of high volume, repetitive products and services for the transportation, industrial, and construction sectors of the market place. We compete in cyclical markets and are continuously looking for opportunities to improve our competitive positions. Our principal product lines include:

- o tank and freight railcars and related parts;
- o inland dry-cargo and tank barges and related covers;
- o highway guardrail and safety products;
- o concrete and aggregates;
- o weld pipe fittings;
- o structural bridge products;
- o pressure containers and container heads; and
- o leasing and managing railcar fleets.

Our five principal business groups are set forth below:

TRINITY RAIL GROUP. Our railcar group primarily serves two markets: North America and Europe. We develop and manufacture a comprehensive selection of railcars used for transporting a wide variety of liquids, gases and dry cargo. From tank cars to specialty cars, we produce the widest range of railcars in the industry and are the largest producer of railcars in North America. We also manufacture and sell railcar parts, such as auto carrier doors and accessories, hatch rings, discharge gates, covers, floors, yokes, couplers, axles, hitches, bogies, center plates and chutes. The parts are ultimately used in manufacturing and repair of railcars. In addition, we have the ability to maintain, repair and

Edgar Filing: TRINITY INDUSTRIES INC - Form 424B3

modify railcars through our repair network.

INLAND BARGE GROUP. We are the largest producer of inland barges in the United States. We manufacture a variety of dry-cargo barges, such as deck barges and open and covered hopper barges that transport various commodities, such as grain, coal and aggregates. We also produce tank barges used to transport liquid products at high or low temperatures. Our manufacturing facilities are located along the United States inland river system allowing for rapid delivery to our customers.

CONSTRUCTION PRODUCTS GROUP. Our construction products group is composed of highway safety products, concrete and aggregates, beams and girders used in highway construction and weld pipe fittings. We are one of the largest manufacturers of roadside safety products in North America. Our products include highway safety guardrails and patented products such as guardrail end terminals, crash cushions, and other protective barriers that absorb and dissipate the force of impact in collisions between vehicles and fixed roadside objects. We supply ready mix concrete to the industrial, residential and highway construction businesses and provide aggregates such as crushed stone, sand and gravel for a variety of uses. In addition, we also supply weld pipe fittings, such as caps, elbows, return bends, tees, concentric and eccentric reducers and full and reducing tees.

INDUSTRIAL PRODUCTS GROUP. We are a leading producer of tank containers and tank heads for pressure vessels. We manufacture our tanks in the United States, Mexico and Brazil. Our tanks include gas tanks for rural housing, transport and storage tanks, motor fuel tanks, air receivers and a variety of cylinders. We market a portion of our industrial products in Mexico under the brand name of TATSA.

3

TRINITY RAILCAR LEASING AND MANAGEMENT SERVICES GROUP. We lease specialized types of railcars, consisting of both tank cars and freight cars. Our railcars are leased to industrial companies in the petroleum, chemical, agricultural, energy and other industries that supply their own railcars to the railroads.

We originally incorporated in Texas in 1933 as Trinity Industries, Inc. and reincorporated in Delaware in 1987 by merging the Texas corporation into a wholly-owned Delaware subsidiary with the same name. Our principal offices are located at 2525 Stemmons Freeway, Dallas, Texas 75207-2401, and our telephone number is (214) 631-4420. Our Internet web site is at www.trin.net. The information on our web site does not constitute a part of this prospectus.

THE OFFERING

On March 6, 2002, we completed a private placement of our common stock to two accredited investors. We agreed to register the resale of the shares of our common stock purchased in this private placement and bear the expenses incident to this registration. In connection with this agreement, we are registering for resale by these investors up to 1,500,000 shares of our common stock. Registration of these shares does not mean that all or any portion of the shares will be offered for sale by the investors. For more information on the investors, please see the section entitled "Selling Stockholders." We will not receive any proceeds from the sale of these shares. For more information related to the use of proceeds, see the section entitled "Use of Proceeds."

RISK FACTORS

Before you invest in our common stock, you should understand the risks involved. You should carefully consider these risk factors as well as all of the other information contained in this prospectus before deciding to purchase shares of our common stock. If any of the following risks actually occurs, the trading price of our common stock could decline and you may lose all or part of your investment.

RISKS RELATED TO OUR INDUSTRIES

THE CYCLICAL NATURE OF OUR BUSINESS RESULTS IN LOWER REVENUES DURING ECONOMIC DOWNTURNS.

We operate in cyclical industries. Downturns in overall economic conditions usually have a significant adverse effect on cyclical industries due to a decreased demand for new and replacement products. This decreased demand could result in lower sales volumes, lower prices and/or a loss of profits. In addition, our recent acquisition of Thrall Car Manufacturing Company has increased our exposure to the effects of the cyclical nature of the railcar business. The railcar industry is presently in a deep down cycle and operating with a minimal backlog. If this down cycle continues we could experience increased losses and could make additional plant closures and incur related costs.

OUR MANUFACTURER'S WARRANTIES EXPOSE US TO POTENTIALLY SIGNIFICANT CLAIMS.

We warrant the workmanship and materials of many of our products under limited warranties. Accordingly, we may be subject to significant warranty claims in the future such as multiple claims based on one defect repeated throughout our mass production process or claims for which the cost of repairing the defective part is highly disproportionate to the original cost of the part. We have never experienced any material losses attributable to warranty claims, but the possibility exists for these types of warranty claims to result in costly product recalls, significant repair costs and damage to our reputation.

WE MAY BE LIABLE FOR PRODUCT LIABILITY CLAIMS THAT EXCEED OUR INSURANCE COVERAGE.

The nature of our business subjects us to product liability claims, especially in connection with the repair and manufacture of products that carry hazardous or volatile materials. We maintain reserves and liability insurance coverage at levels based upon commercial norms in the industries in which we operate and our historical claims experience. However, an unusually large product liability claim or a string of claims based on a failure repeated throughout our mass production process may exceed our insurance coverage or result in damage to our reputation.

WE HAVE POTENTIAL EXPOSURE TO ENVIRONMENTAL LIABILITIES, WHICH MAY INCREASE COSTS AND LOWER PROFITABILITY.

Our operations are subject to extensive and frequently changing federal, state and local environmental laws and regulations, including those dealing with air quality and the handling and disposal of waste products, fuel products and hazardous substances. In particular, we may be required to incur remediation costs and other related expenses because:

Edgar Filing: TRINITY INDUSTRIES INC - Form 424B3

- o some of our manufacturing facilities were constructed and operated before the adoption of the current environmental laws and the institution of compliance practices; and
- o some of the products that we manufacture are used to transport hazardous materials.

5

Furthermore, although we have conducted and intend to conduct appropriate due diligence with respect to environmental matters in connection with acquisitions, we may be unable to identify or be indemnified for all potential environmental liabilities relating to any acquired business. Environmental liabilities incurred by us, if not covered by adequate insurance or indemnification, will increase our costs and have a negative impact on our profitability.

WE COMPETE IN HIGHLY COMPETITIVE INDUSTRIES, WHICH MAY IMPACT OUR FINANCIAL RESULTS.

We face aggressive competition in all geographic markets and each industry sector in which we operate. As a result, competition on pricing is often intense. The effect of this competition could reduce our revenues, limit our ability to grow, increase pricing pressure on our products, and otherwise affect our financial results.

RISKS RELATED TO TRINITY

FLUCTUATIONS IN THE SUPPLY OF COMPONENT PARTS USED IN THE PRODUCTION OF OUR PRODUCTS COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR ABILITY TO COST-EFFECTIVELY MANUFACTURE AND SELL OUR PRODUCTS.

A significant portion of our business depends on the adequate supply of numerous specialty components such as brakes, wheels, side frames and holsters at competitive prices. We depend on outside suppliers for a significant portion of our component part needs. While we endeavor to be diligent in our contractual relationships with our suppliers, a significant decrease in the availability of specialty components could materially increase our cost of goods sold or prevent us from manufacturing our products on a timely basis.

RISKS RELATED TO OUR OPERATIONS OUTSIDE OF THE UNITED STATES COULD ADVERSELY IMPACT OUR OPERATING RESULTS.

Our operations outside of the United States are subject to the risks associated with cross-border business transactions and activities. Political, legal, trade or economic changes or instability could limit or curtail our foreign business activities and operations. Some foreign countries where we operate have regulatory authorities that regulate railroad safety, railcar design and railcar component part design, performance and manufacture used on their railroad systems. If we fail to obtain and maintain certifications of our railcars and railcar parts within the various foreign countries where we operate, we may be unable to market and sell our railcars in those countries. In addition, unexpected changes in regulatory requirements, tariffs and other trade barriers, more stringent rules relating to labor or the environment, adverse tax consequences and price exchange controls could limit operations and make the manufacture and distribution of our products difficult. Furthermore, any material change in the quotas, regulations or duties on imports imposed by the U.S. government and agencies or on exports by the government of Mexico or its agencies could affect our ability to export the railcars and liquified petroleum

Edgar Filing: TRINITY INDUSTRIES INC - Form 424B3

gas containers that we manufacture in Mexico. The uncertainty of the legal environment in these and other areas could limit our ability to enforce our rights effectively.

6

WE MAY INCUR INCREASED COSTS DUE TO FLUCTUATIONS IN INTEREST RATES AND FOREIGN CURRENCY EXCHANGE RATES.

We are exposed to risks associated with fluctuations in interest rates and changes in foreign currency exchange rates. We seek to minimize these risks, when considered appropriate, through the use of currency and interest rate hedges and similar financial instruments and other activities, although these measures may not be implemented or effective. Any material and untimely changes in interest rates or exchange rates could result in significant losses to us.

BECAUSE WE DO NOT HAVE EMPLOYMENT CONTRACTS WITH OUR KEY MANAGEMENT EMPLOYEES, WE MAY NOT BE ABLE TO RETAIN THEIR SERVICES IN THE FUTURE.

Our success depends on the continued services of our key management employees, none of whom currently have employment agreements with us. Although we have historically been successful in retaining the services of our key management, we may be unable to do so in the future. The loss of the services of one or more key members of our management team could result in increased costs associated with attracting and retaining a qualified replacement and could disrupt our operations and result in a loss of revenues.

ALTHOUGH OUR BUSINESS WAS NOT DIRECTLY IMPACTED BY THE RECENT TERRORIST ATTACKS AGAINST THE UNITED STATES, THE LONG-TERM EFFECT OF THESE EVENTS, OR THE DOMESTIC OR FOREIGN RESPONSE TO THEM, COULD NEGATIVELY AFFECT OUR ABILITY TO OPERATE PROFITABLY IN THE FUTURE.

The terrorist attacks that occurred in the United States on September 11, 2001, the subsequent military response by the United States, other terrorist attacks and future events occurring in response to or in connection with these attacks may negatively impact the economy in general. In particular, the negative impacts of these events may affect the industries in which we operate. This could result in delays in or cancellations of the purchase of our products or shortages of raw materials or component parts. Any of these occurrences could have a significant adverse impact on our operating results, revenues and costs.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements under "Risk Factors" and elsewhere in this prospectus constitute forward-looking statements. All projections contained in this prospectus are forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

Forward-looking statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology like "may," "will," "should," "expect," "plan," "project,"

Edgar Filing: TRINITY INDUSTRIES INC - Form 424B3

"anticipate," "intend," "believe," "estimate," "predict," "potential," or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions. Actual events or results may differ materially. In evaluating these statements, you should specifically consider various factors, including the risks outlined under "Risk Factors." These factors may cause our actual results to differ materially from any forward-looking statement.

Potential factors that could cause our actual results of operations to differ materially from those in the forward-looking statements include:

- o market conditions and demand for our products;
- o the cyclical nature of both the railcar and barge industries;
- o the timing of introduction of new products;
- o the timing of customer orders;
- o price erosion;
- o changes in mix of products sold;
- o the extent of utilization of manufacturing capacity;
- o availability of supplies and raw materials;
- o price competition and other competitive factors;
- o technologies;
- o steel prices;
- o interest rates and capital costs;
- o taxes;
- o the stability of the governments and political and business conditions in certain foreign countries, particularly Mexico and Romania;
- o changes in import and export quotas and regulations;
- o business conditions in emerging economies; and
- o legal, regulatory and environmental issues.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy and completeness of these statements. We are under no duty to update any of the forward-looking statements after the date of this prospectus to conform these statements to actual results and do not intend to do so.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares of common stock by the selling stockholders. Any proceeds from the sales of the shares of common stock received by the selling stockholders will be retained by the selling stockholders.

SELLING STOCKHOLDERS

In a private placement transaction completed on March 6, 2002, we issued a total of 1,500,000 shares of our common stock. In this private placement, 620,000 shares were issued to Acqua Wellington Private Placement Fund, Ltd. and 880,000 shares were issued to Acqua Wellington Opportunity I Limited. These selling stockholders may from time to time offer and sell pursuant to this

Edgar Filing: TRINITY INDUSTRIES INC - Form 424B3

prospectus any or all of the 1,500,000 shares of our common stock. The following table sets forth, as of March 19, 2002, the number of shares of our common stock that each selling stockholder beneficially owns. The term "selling stockholder" includes the holders listed below and its transferees, pledgees, donees or other successors receiving shares from the holders listed below after the date of this prospectus. We have prepared this table based upon information furnished to us by or on behalf of the selling stockholders. Based on information provided to us by the selling stockholders, neither selling stockholder beneficially owns any shares of our common stock other than those listed below.

The selling stockholders confirmed at the time they acquired the shares listed below that they acquired the shares for investment purposes only and not with a view toward their resale, and acknowledged the existence of restrictions on resale applicable to these shares. This offering relates only to the sale of shares held or to be held by the selling stockholders named in the following table. Since the date on which they provided us with the information below, the selling stockholder may have sold, transferred or otherwise disposed of some or all of their shares of our common stock in transactions exempt from Securities Act registration requirements.

NAME OF BENEFICIAL OWNER -----	BENEFICIAL OWNERSHIP PRIOR TO OFFERING			BENEFICIAL OW
	NUMBER OF SHARES	PERCENT OF CLASS (1)	SHARES TO BE SOLD (2)	COMPLETION
-----	-----	-----	-----	-----
Acqua Wellington Private Placement Fund, Ltd.	620,000	1.4%	620,000	0
Acqua Wellington Opportunity I Limited	880,000	1.9%	880,000	0

(1) Computed based on 45,897,525 shares of common stock outstanding as of March 19, 2002.

(2) Assumes all the shares of common stock that may be offered hereunder are sold.

The information regarding the selling stockholders may change from time to time. If required, we will set forth these changes in one or more prospectus supplements.

PLAN OF DISTRIBUTION

We are registering the shares of common stock on behalf of the selling stockholders. The shares of common stock may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market prices, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected at various times in one or more of the following transactions, or in other kinds of transactions:

Edgar Filing: TRINITY INDUSTRIES INC - Form 424B3

- o transactions on the New York Stock Exchange or on any national securities exchange or U.S. inter-dealer system of a registered national securities association on which our common stock may be listed or quoted at the time of sale;
- o in the over-the-counter market;
- o in private transactions and transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- o in connection with short sales of the shares;
- o by pledge to secure debt and other obligations;
- o through the writing of options, whether the options are listed on an options exchange or otherwise;
- o in connection with the writing of non-traded and exchange-traded call options, in hedge transactions and in settlement of other transactions in standardized or over-the-counter options; or
- o through a combination of any of the above transactions.

The selling stockholders and their successors, including their transferees, pledgees or donees or their successors, may sell the common stock directly to purchasers or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or the purchasers. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent may be in excess of those customary in the types of transactions involved.

In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 of the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus.

We entered into registration rights agreements for the benefit of each of the selling stockholders to register our common stock under applicable federal and state securities laws. The registration rights agreements provide for cross-indemnification of the selling stockholders and us and our respective directors, officers and controlling persons against specific liabilities in connection with the offer and sale of the common stock, including liabilities under the Securities Act. We will pay substantially all of the expenses incurred by the selling stockholders incident to the offering and sale of the common stock.

LEGAL MATTERS

The validity of the issuance of the common stock offered in this prospectus is being passed upon for us by our lawyers, Haynes and Boone, LLP, Dallas, Texas.
