EXECUTIVE COMPENSATION

The following report and the performance graph on page 11 do not constitute soliciting materials and are not considered filed or incorporated by reference into any other of the Company's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, unless the Company states otherwise.

REPORT OF THE COMPENSATION COMMITTEE

COMPENSATION POLICIES. The principal goal of the Company's compensation program as administered by the Board of Directors is to help the Company attract, motivate and retain the executive talent required to develop and achieve the Company's strategic and operating goals with a view to maximizing shareholder value. The key elements of this program and the objectives of each element are as follows:

BASE SALARY. Base salaries paid to the Company's executive officers are intended to be competitive with those paid to executives holding comparable positions in the marketplace. Individual performance and the Company's performance are considered when setting salaries within the range for each position. Annual reviews are held and adjustments are made based on attainment of individual goals in a manner consistent with operating and financial performance.

BONUSES. Annual cash bonuses are intended to motivate performance by creating the potential to earn incentive awards that are contingent upon personal and business performance. The Company sets goals of revenue and profitability for each segment.

LONG TERM INCENTIVES. The Company provides its executive officers with long-term incentive compensation through grants of stock options under the Company's stock option plans. The grant of stock options aligns the executive's interest with those of the Company's shareholders by providing the

executive with an opportunity to purchase and maintain an equity interest in the Company's stock and to share in the appreciation of its value. In fiscal 2003 options to purchase 260,000 shares of Common Stock were granted to the

Edgar Filing: MISONIX INC - Form DEF 14A

Company's executive officers.

CEO'S COMPENSATION. Michael A. McManus is entitled to receive an annual base salary of \$275,000 and is entitled to receive a minimum bonus of \$250,000 and a maximum bonus of \$350,000 per year based on the Company's pretax operating earnings. Mr. McManus also received options to purchase 125,000 shares of Common Stock at a purchase price of \$4.66 per share. The factors involved in determining the CEO's compensation are the Company's revenues and profits, his lengthy experience and business acumen, his responsibilities, and the efforts exerted by him in performance of his duties. The options to purchase the 125,000 shares vest as follows: 50% of the options vested immediately and the balance vest on November 1, 2004. The options expire on the tenth anniversary of the date of grant.
