PROXY STATEMENT

General Matters

Date, Time and Place for the Annual Meeting

We are furnishing this proxy statement to the holders of our Class A Common Stock and our Class C Common Stock in connection with the solicitation of proxies by our Board of Directors for the Annual Meeting of Stockholders to be held on Friday, May 2, 2003 at 10:00 a.m., local time, at the JW Marriott Hotel, 3300 Lenox Road, Atlanta, Georgia 30326, or any adjournment or postponement of that meeting. This proxy statement and the accompanying proxy card are being sent to our stockholders commencing on or about April 2, 2003.

Record Date; Quorum; Outstanding Common Stock Entitled to Vote

All holders of record of our Class A Common Stock and our Class C Common Stock at the close of business on March 14, 2003, referred to as the record date, are entitled to notice of, and to vote at, the Annual Meeting. The presence, in person or by proxy, of holders of a majority of the voting power represented by outstanding shares of our Class A Common Stock and Class C Common Stock, voting together as a single class, is required to constitute a quorum for the transaction of business. Abstentions and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners or other persons entitled to vote shares as to a matter with respect to which brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining a quorum. A list of stockholders of record will be available for examination at the time and place of the Annual Meeting. As of March 14, 2002, there were 49,102,953 shares of Class A Common Stock outstanding and 644,871 shares of Class C Common Stock outstanding.

Voting Rights; Vote Required

Holders of Class A Common Stock are entitled to one vote for each share of Class A Common Stock held as of the record date. Holders of Class C Common Stock are entitled to ten votes for each share of Class C Common Stock held as of the record date. Directors will be selected by a plurality of the votes cast, and abstentions, withheld votes and broker non-votes will have no effect on the outcome of the election of directors. The affirmative vote of a majority of the voting power represented by the shares of Class A Common Stock and Class C Common Stock present in person or by proxy at the Annual Meeting is required to ratify the appointment of our independent auditors for 2003. Abstentions, which will be counted for purposes of determining shares present and entitled to vote at the meeting, will have the effect of votes against the selection of auditors proposal.

Voting and Revocation of Proxies

A proxy card for you to use in voting accompanies this proxy statement. Subject to the following sentence, all properly executed proxies that are received prior to, or at, the Annual Meeting and not revoked will be voted in the manner specified. If you execute and return a proxy card, and do not specify otherwise, the shares represented by your proxy will be voted **FOR** the individuals nominated to serve as directors and **FOR** the proposal to ratify the appointment of KPMG LLP.

If you have given a proxy pursuant to this solicitation, you may nonetheless revoke it by attending the meeting and voting in person. In addition, you may revoke any proxy you give at any time before the meeting by delivering to our Secretary, at 3535 Piedmont Road, Building 14, Fourteenth Floor, Atlanta, Geor-

Table of Contents

gia 30305, so that it is received prior to the meeting, or at the meeting itself, a written statement revoking the proxy, or by delivering a duly executed proxy bearing a later date. If you have executed and delivered a proxy to us, your attendance at the meeting will not, by itself, constitute a revocation of your proxy.

Solicitation of Proxies

We will bear the cost of the solicitation of proxies. We will solicit proxies initially by mail. Further solicitation may be made by our directors, officers and employees personally, by telephone, facsimile, e-mail or otherwise, but they will not be compensated specifically for these services. Upon request, we will reimburse brokers, dealers, banks or similar entities acting as nominees for their reasonable expenses incurred in forwarding copies of the proxy materials to the beneficial owners of the shares of common stock they hold of record.

Other Matters

Except for the votes on the proposals described in this proxy statement, no other matter is expected to come before the Annual Meeting. If any other business properly comes before the Annual Meeting, the persons named in the proxy will vote in their discretion to the extent permitted by law.

Table of Contents

In the event that there is a change in control of the Company, as defined in the Agreement, then all unvested stock options held by Mr. L. Dickey shall become immediately exercisable.

The Agreement further provides that in the event Mr. L. Dickey is terminated by the Company without cause, or if he terminates his employment for good reason, as that term is defined in the Agreement, or in the event of a change in control, then the Company will pay to Mr. L. Dickey a lump-sum amount equal to the sum of (A) his earned but unpaid base salary through the date of termination, (B) any earned but unpaid target bonus amount for any completed fiscal year, (C) any unreimbursed business expenses or other amounts due from the Company as of the date of termination, and (D) any earned portion of the bonus amount for the year in which termination of employment occurs. The Company shall also pay to Mr. L. Dickey the greater of (i) the amount equal to the aggregate base salary payments (at the rate in effect at the time of termination) that remain payable to Mr. L. Dickey from the date of termination until the expiration of the agreement term, or (ii) the amount equal to the sum of (1) the annual base salary in effect at the time of termination and (2) the amount of the annual bonus paid to Mr. L. Dickey for the fiscal year ended immediately prior to the year of termination.

In the event Mr. L. Dickey voluntarily terminates his employment for good reason, all unvested time-vested options and performance options shall terminate immediately and be of no further force or effect. In the event the Company terminates Mr. L. Dickey's employment without cause, 50% of any unvested time-vested options and performance options shall become immediately and fully vested and exercisable, and shall remain exercisable for their full term, and the remaining 50% of any time-vested options and performance options shall terminate immediately and be of no further force or effect.

In the event Mr. L. Dickey is terminated with cause, or if he terminates his employment without good reason, then the Company is only obligated to pay Mr. L. Dickey for compensation, bonus payments or unreimbursed expenses that were accrued but unpaid through the date of termination or resignation.

As further consideration for the services to be rendered by Mr. L. Dickey through December 31, 2006, the Company agreed, on the terms and conditions set forth in the Agreement, to the following reductions in the amounts due under a loan made by the Company to Mr. L. Dickey and evidenced by that certain Promissory Note dated February 2, 2000, in the original principal amount of \$4,992,000 (the "Loan"): (i) the Company agreed to reduce the per annum interest rate of the loan from 9% to 7% and to extend the maturity to December 31, 2006; (ii) the Loan (principal and related accrued interest) shall be forgiven in 2006, or

sooner as provided for in the Agreement, based on Mr. L. Dickey's continued employment with the Company through December 31, 2006, and on the satisfaction of double trigger performance goals. The first trigger involves an annual determination over the period of 2001-05 of whether (a) the objective Board-approved EBITDA budgeting goals for each fiscal year were satisfied, or (b) the Compensation Committee of the Board otherwise determines that Mr. L. Dickey's performance for the year warrants a determination that the first trigger shall be deemed to be satisfied. For each of the fiscal years 2001-05 for which the first trigger is satisfied, the maximum Loan reduction would be 20% of the Loan principal and related accrued interest. The actual reduction of the Loan in such case shall be further contingent upon the satisfaction of the second trigger. The second trigger involves the price per share of our Class A Common Stock. For each of the fiscal years 2001-05 for which the first trigger has been satisfied (each a "First Trigger Year"), the Loan reduction, expressed as a percentage of principal and related accrued interest outstanding up to 20% per each such year, shall be determined as follows: (i) should the highest closing sales price per share of our Common Stock for any day in 2006 as reported on the principal exchange on which the shares of our Class A Common Stock are then traded (such price being referred to as the "Measurement Price") equal or exceed such closing sales price per share as of July 1, 2001, or if July 1, 2001 is not a trading day, then such closing sales price per share of the next succeeding trading day (such date being referred to as the "Measurement Date") plus 100% thereof, then the Loan reduction percentage applicable to each First Trigger Year shall be 20%; (ii) should the Measurement Price equal or be less than such closing sales price per share as of Measurement Date, plus 50% thereof, then the Loan reduction percentage applicable to each First Trigger Year shall be 0% (and there will be no corresponding reduction in the Loan); and (iii) should the Measurement Price be less than such closing sale price per share as of Measurement Date plus 100% thereof but more than such closing sales price per share as of Measurement Date plus 50%, then a proportionate (on a straight-line basis) reduction in the Loan for each First Trigger Year shall be made (e.g., Loan reduction percentage per First Trigger Year of 15% if the Measurement Price is equal to Measurement Date closing sales price per share plus 87.5% thereof). In addition, the Loan will be forgiven in its entirety in the event there is a change in control of the Company prior to its maturity, and Mr. L. Dickey is still an employee of the Company. In accordance with the agreement, the Compensation Committee of the Board of Directors conducted an annual review of Mr. L. Dickey's performance for both fiscal 2001 and 2002 and determined that the requirements of the first trigger for those years had been satisfied. Only in the event of the satisfaction of the 2006 stock-price consideration, Mr. L. Dickey would be entitled to 40% forgiveness of the loan principal and related interest as of December 31, 2002.

John G. Pinch serves as our Executive Vice President and Chief Operating Officer. Under the terms of Mr. Pinch's employment agreement, he is entitled to receive an annual base salary of \$425,000. Such base salary will increase by 5.0% during each year of the term of the employment agreement, subject to additional merit increases, as the Compensation Committee deems appropriate. The agreement provides that Mr. Pinch may receive a bonus of up to \$200,000, half of which is based upon the achievement of Board-approved budgeted revenue and cash flow targets. The other half of any bonus is based upon the achievement of 110% of the targets established by our Chief Executive Officer and the Compensation Committee in their collective discretion. In addition, Mr. Pinch is entitled to be granted time-vested stock options to purchase shares of our Class A Common Stock as follows: 200,000 in 2000, 150,000 in 2001 and 100,000 in 2002. Mr. Pinch's employment agreement has a three-year term, which automatically extends each year for one additional year, subject to non-renewal.

Mr. Pinch's employment agreement also provides that in the event he is terminated by the Company without cause, or if he terminates his employment for good reason, then, in addition to amounts that he is owed through the date of termination, he shall also receive a severance payment equal to the greater of (i) two-thirds of the aggregate Base Salary payments (at the rate in effect at the time of termination) that would remain payable until the expiration of the employment agreement term, or (ii) the amount equal to his annual base salary in effect at the time of termination. In addition, any unvested time-vested stock options that would otherwise vest within one year of the date of termination shall become exercisable. Finally, in the event that there is a change in control of the Company, as defined in the agreement, then, in addition to being entitled to receive the severance payments and equity rights that would be due upon a termination without cause, all unvested stock options held by Mr. Pinch shall become immediately exercisable.

Mr. Gausvik's employment agreement provides that in the event he is terminated by the Company without cause, or if he terminates his employment for good reason, then, in addition to amounts that he is owed through the date of termination, he shall also receive a severance payment equal to his annual base salary as in effect at the time of termination. In addition, any unvested time-vested stock options that would otherwise vest within one year of the date of termination shall become exercisable. Finally, in the event that there is a change in control of the Company, as defined in the agreement, then, in addition to being entitled to receive the severance payments and equity rights that would be due upon a termination without cause, all unvested stock options held by Mr. Gausvik shall become immediately exercisable.

John W. Dickey serves as our Executive Vice President. Under the terms of Mr. J. Dickey's employment agreement, he was entitled to receive an annual base salary of \$375,000 for 2001. Such base salary increased to \$400,000 for 2002, and will be subject to additional merit increases, as the Compensation Committee deems appropriate. The agreement provides that Mr. J. Dickey may receive a bonus of up to 50% of his base salary, half of which is based upon the achievement of Board-approved budgeted revenue and cash flow targets. The other half of any bonus is based upon the collective discretion of our Chief Executive Officer and the Compensation Committee. Mr. J. Dickey's employment agreement has a two-year term, which automatically extends each year for one additional year, subject to non-renewal.

Mr. J. Dickey's employment agreement also provides that he shall be granted (i) time-vested stock options to purchase 150,000 shares of our Class A Common Stock in each of 2001 and 2002, and (ii) performance stock options to purchase 100,000 shares of our Class A Common Stock in each of 2001 and 2002, subject to specified anti-dilution requirements.

Mr. J. Dickey's agreement also provides that in the event he is terminated by the Company without cause, or if he terminates his employment for good reason, then, in addition to amounts that he is owed through the date of termination, he shall also receive a severance payment equal to the greater of (i) two-thirds of the aggregate base salary payments (at the rate in effect at the time of termination) that would remain payable until the expiration of the employment agreement term or (ii) the amount equal to his annual base salary in effect at the time of termination. In addition, any unvested time-vested stock options that would otherwise vest within one year of the date of termination shall become exercisable. Finally, in the event there is a change in control of the Company, as defined in the agreement, then, in addition to being entitled to receive the severance payments and equity rights that would be due upon a termination without cause, all unvested stock options held by Mr. J. Dickey shall become immediately exercisable.

Compensation Committee Interlocks and Insider Participation

During 2001, Eric P. Robison (Chairman), Robert H. Sheridan, III and Holcombe T. Green, Jr., none of whom are officers or employees of the Company, were members of our Compensation Committee, which determines, or makes recommendations with respect to, compensation matters for the Company. None of our Compensation Committee members serve as members of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

On March 28, 2002, we completed the acquisition of Aurora Communications, LLC, or Aurora Communications, which owned and operated 18 radio stations in Connecticut and New York.

Table of Contents

In acquiring Aurora Communications, we issued to the former owners of Aurora Communications (a) 10,551,182 shares of our common stock, consisting of 1,606,843 shares of our Class A Common Stock, and 8,944,339 shares of our non-voting Class B Common Stock, which may be converted into shares of Class A Common Stock on a one-for-one basis, and (b) warrants, exercisable until March 28, 2003, to purchase up to an aggregate of 833,333 shares of our common stock, consisting of warrants for 126,909 shares of Class A Common Stock and 706,424 shares of Class A Common Stock or Class B Common Stock, at an exercise price of \$12.00 per share, and we paid \$93 million in cash. Based on the closing price of a share of our Class A Common Stock on March 27, 2002 of \$18.42, this transaction was valued at approximately \$294 million. The consideration was determined through arm's length negotiations between Aurora Communications and the Company, and was determined to be fair to us, from a financial point of view, in an opinion delivered by Greenbridge Partners LLC.

Mr. Sheridan, one of our directors and a member of the Compensation Committee, is a Senior Vice President and Managing Director of one of our principal stockholders, BA Capital Company, L.P., or BA Capital. Mr. Sheridan is also a Senior Vice President and Managing Director of BancAmerica Capital Investors SBIC I, L.P., or BACI, which is an affiliate of BA Capital, and which indirectly owned approximately 73% of the equity interests of Aurora Communications. He has an economic interest in the general partners of both BA Capital and BACI. In the Aurora acquisition, BACI received 8,944,339 shares of common stock and warrants (which were subsequently exercised in March 2003) to purchase 706,424 shares of common stock. Mr. Sheridan was not present and did not participate during the course of deliberations by the Board regarding the acquisition of Aurora Communications.

In addition, in connection with the new financing arrangements that we entered into in March 2002, in order to refinance our existing indebtedness and to finance the cash portion of the purchase price for Aurora Communications, Banc of America Securities LLC, or BA Securities, acted as joint lead arranger and joint bookrunner, and Bank of America, N.A. acted as syndication agent. BA Securities and Bank of America, N.A. are each affiliates of BA Capital and BACI.

The DBBC Acquisition

On March 28, 2002, we completed the acquisition of the broadcasting operations of DBBC, L.L.C., or DBBC, which owned and operated three radio stations in Nashville, Tennessee.

In acquiring the broadcasting operations of DBBC, we issued to DBBC (a) 5,250,000 shares of our Class A Common Stock and (b) a warrant, exercisable until September 28, 2002, to purchase up to 250,000 shares of Class A Common Stock at an exercise price of \$12.00 per share, and we assumed specified liabilities of DBBC and paid certain expenses, up to an aggregate of \$21 million, using borrowings under our credit facility. Based on a closing price of a share of our Class A Common Stock on March 27, 2002 of \$18.42, this transaction was valued at approximately \$119 million. The consideration was determined through arm's length negotiations between a special committee of our Board of Directors and the representatives of DBBC, and was determined to be fair from a financial point of view in an opinion delivered by Houlihan Lokey Howard & Zukin Financial Advisors, Inc. The special committee was composed of Holcombe T. Green, Jr. and Eric P. Robison, each of whom is an independent director and had no material interest in the acquisition.

DBBC is owned by Lewis W. Dickey, Jr., our Chairman, President, Chief Executive Officer and one of our directors, three of his brothers, including John W. Dickey, our Executive Vice President, and Quaestus & Co. Inc., which was formerly known as Quaestus Management Corporation and is controlled by Richard W. Weening, who served as a Director of the Company until March 1, 2002. In connection with the DBBC acquisition, DBBC received 5,250,000 shares of our Class A Common Stock and a warrant, exercisable for a period of six months from the date of issuance, to purchase up to an additional 250,000 shares of Class A Common Stock at an exercise price of \$12.00 per share. The warrant was exercised on September 27, 2002, in

connection with the distribution of shares of the Company's common stock held of record or beneficially owned by DBBC to its members, including Messrs. L. Dickey and J. Dickey and members of their family.

The Aurora Acquisition

For a description of our acquisition of Aurora Communications, in which Robert H. Sheridan, III, one of our directors, had an interest, see Executive Compensation Compensation Committee Interlocks and Insider Participation.

Certain Business Relationships

Lewis W. Dickey, Jr., our Chairman, President, Chief Executive Officer and Director, and John W. Dickey, our Executive Vice President, each have a 25% ownership interest in Stratford Research, Inc., or Stratford, an entity that provided programming and marketing consulting and market research services to the Company from the Company's inception in 1997 through December 31, 2002. Effective January 1, 2003, the Company terminated its agreement with Stratford, replacing those previously outsourced services with an internal market research department. Under the agreement, Stratford would conduct evaluations of programming at target radio stations for a fee of \$25,000 per market, and annual strategic studies at fees of \$25,000 per market, or such higher negotiated rates as were agreed upon depending on competitive market conditions. Additionally, Stratford provided program-consulting services for contractually specified amounts during the term of the agreement. Total fees paid to Stratford Research by the Company during 2002, 2001 and 2000 were \$2.1 million, \$2.2 million and \$4.1 million, respectively. Of these expenses paid in 2002, 2001 and 2000, \$0, \$0 and \$1.1 million were capitalized as acquisition costs. The remaining expenses have been included as part of station operating expenses in the statements of operations. In determining the fair value of the services under the agreement, management undertook at the inception of the agreement an evaluation of third party vendors. This evaluation supported the fair value of the pricing arrangement between the Company and Stratford, and no circumstances or events have occurred that have led management to believe that those values were not reflective of fair value for the services rendered. At December 31, 2002 and 2001 less than \$0.1 million was payable to Stratford.

Ralph B. Everett, one of our Directors, is a partner in the law firm Paul, Hastings, Janofsky & Walker LLP, which law firm provided various legal services to the Company and its subsidiaries during 2002. Mr. Everett does not personally provide any legal services to the Company.

Indebtedness of Management

On February 2, 2000 the Company loaned each of Richard W. Weening, who at the time served as our Executive Chairman and who served as a director until March 1, 2002, and Lewis W. Dickey, Jr., \$4,992,000, respectively, for the purpose of enabling Mr. Weening and Mr. L. Dickey to purchase 128,000 shares of our newly issued Class C Common Stock. The price per share of the Class C Common Stock was \$39.00, which was the approximate market price for the Company's Class A Common Stock on February 2, 2000. The loans are represented by recourse promissory notes executed by each of Mr. Weening and Mr. L. Dickey, which provide for the payment of interest at 9.0% per annum or the peak rate paid by the Company under its credit facility and a note maturity date of December 31, 2003. As described above, pursuant to Mr. L. Dickey's Amended and Restated Employment Agreement dated July 1, 2001, the Company reduced the per annum interest rate on his note to 7% and extended the maturity date of his note to December 31, 2006. In addition, the Amended and Restated Employment Agreement provides for forgiveness of Mr. Dickey's note, either in part or in whole, upon the attainment of certain performance targets that include both annual financial targets and stock price targets. In order for any forgiveness to occur, the Company's closing stock price must be at least \$19.275 on any trading day in 2006. Additionally, the note and accrued interest thereon will be forgiven in its entirety, regardless of the attainment of the annual financial targets or the 2006 stock price targets, upon a change in control of the Company, provided that Mr. L. Dickey is employed by the Company upon such change in control or that his employment was terminated within the six-month period immediately preceding a change in control. Interest accrues on both notes from February 2, 2000 through the respective note maturity dates, and all accrued interest and principal is payable on that date. As of December 31, 2001, the original

Table of Contents

principal of \$4,992,000, plus accrued interest of \$1,362,625 with respect to Mr. Weening and \$1,155,116 with respect to Mr. L. Dickey, remains outstanding from each of those individuals.

INFORMATION ABOUT THE BOARD OF DIRECTORS

The Board of Directors held five regularly scheduled and special meetings during 2002. Each director attended at least 75% of his Board and committee meetings.

It is primarily the Board's responsibility to oversee the management of the Company's business. To assist in carrying out this responsibility, the Board has established the standing committees listed below. The Company does not have a standing nominating committee.

The Audit Committee (i) reviews management's recommendation for selection of the Company's independent auditors, (ii) examines accounting processes and reporting systems, (iii) assesses the adequacy of internal controls and risk management, (iv) reviews and approves the Company's financial disclosures and (v) reviews other similar matters. The Audit Committee met four times in 2002. The current members of the Audit Committee are Robert H. Sheridan, III (Chairman), Ralph B. Everett and Eric P. Robison, none of whom are employees of the Company.

The Compensation Committee oversees the determination of all matters relating to employee compensation and benefits and specifically reviews and approves salaries, bonuses and stock-based compensation for the named executive officers. The Compensation Committee met one time in 2002. The current members of the Compensation Committee are Messrs. Robison (Chairman) and Sheridan, and Holcombe T. Green, Jr., none of whom are employees of the Company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board offers this report regarding compensation policies for executive officers, including the Chief Executive Officer, of the Company.

The Compensation Committee is responsible for making recommendations to the Board concerning the compensation levels of the executive officers of the Company. The Compensation Committee also administers the Company's equity-based compensation plans and determines awards to be made under such plans to the Company's executive officers and to other eligible individuals. The overall goal of the Compensation Committee is to develop executive compensation policies and practices that are consistent with and linked to the Company's strategic business objectives, and, as part of that goal, the Compensation Committee reviews compensation programs for executive officers annually.

With respect to 2002, virtually all of the compensation decisions for executive officers were made by the Compensation Committee.

The Company's executive compensation programs aim to:

- link managers' goals with stockholders' interests;
- support business plans and long-term Company goals;
- link executive compensation to Company performance; and
- attract and retain talented management.

Types of Compensation

There are two principal types of compensation:

- (1) *Annual compensation*. This includes salary and bonus. The Company awards bonuses only when profits and other performance criteria meet certain levels.

Table of Contents

(2) *Equity Based Compensation.* The Company has adopted a series of stock incentive plans for its executives and non-executives since the Company's initial public offering in 1998. Generally, stock option grants are the primary form of long-term incentive compensation for the Company's executive officers. The Compensation Committee believes that equity-based awards are an effective means of incentivizing senior management to increase the long-term value of the Company's common stock.

In making compensation decisions, it is the Compensation Committee's current intention to recommend plans and awards which will meet the requirements for deductibility for tax purposes under Section 162(m) of the Tax Code.

Factors Considered in Determining Compensation

The Compensation Committee desires that the compensation of the Company's executives be competitive in the broadcast industry and with other U.S. media companies. The Compensation Committee conducts its own review of various elements of the compensation program, and using its assessment of the skills, experience, and achievements of individual executives, the Committee sets the compensation of executives.

The Compensation Committee surveys the size and success of other companies and the responsibilities of similarly situated executives in determining executive compensation. One goal of the Company's compensation program is to approximate the survey group's average compensation, adjusted for company size and performance.

The Compensation Committee also considers the tax deductibility of compensation paid to the executive officers.

Annual Compensation

General

Annual compensation for the Company's executives includes salary and bonus. This is similar to the compensation programs of most comparable companies.

The Compensation Committee aims to pay salaries at the average of the survey companies, adjusted for company size and performance. The Compensation Committee also considers the specific job duties, the person's achievements and other applicable criteria.

Bonuses

The Company provides cash bonuses to executives, market managers and other key personnel based on the Company's achievement of the overall financial performance plan and the achievement of executive-specific performance goals in the applicable fiscal year. Bonus awards are limited to a percentage of base salary ranging from 10% to 50% depending on the participant's level of responsibility. Awards are made at the sole discretion of the Company's principal executive officer and the Compensation Committee, taking into account the above mentioned factors and such other factors as the Compensation Committee might deem relevant from year to year.

Equity Based Compensation

General

Today's business decisions affect the Company over a number of years. This is why the long-term incentive awards are tied to the Company's performance and the value of the Company's common stock over several years. In general, the amount of the long-term incentive awards does not change as much as the amount of the annual bonus awards.

Table of Contents

Stock Options

Stock options are an important part of the Company's long-term incentive program. Executive officers who are granted awards under the Company's incentive plan only benefit from such awards when there is an increase in the stock price of the common stock, a measurement of long-term value of the Company.

In 2002, executives received option grants in amounts commensurate with rank and responsibility. In determining the size of individual option grants for 2002, the Compensation Committee considered the responsibilities and title, as well as the total number of options awarded to all employees.

Chairman and CEO Compensation

Annual Compensation

In determining the salary of Lewis W. Dickey, Jr., our Chairman, President and Chief Executive Officer, for 2002, the Committee considered his job duties, the pay practices of other companies and Mr. L. Dickey's preference for equity-based compensation.

Mr. L. Dickey's target bonus for 2002 was based on the terms of his employment agreement and Company performance criteria set forth therein, which provided for the full bonus of \$262,500 if the Company exceeded certain revenue and cash flow thresholds. Such thresholds were met and exceeded in 2002. In awarding Mr. L. Dickey's bonus the Compensation Committee also considered overall improvements in the operations and financial position of the Company, as well as the significant strategic acquisitions and the successful financing transactions that the Company completed in 2002. The Compensation Committee reviewed his 2002 accomplishments and considered these factors in determining Mr. L. Dickey's 2002 bonus. Finally, the Compensation Committee considered the deductibility of Mr. L. Dickey's compensation under the tax laws.

Equity-Based Compensation

The number of stock options granted to Mr. L. Dickey are established by the terms of his employment agreement. The value of the stock options granted to Mr. L. Dickey in 2002 will ultimately depend on the Company's future success and whether that success is reflected in the value of the common stock over time.

Summary

The Compensation Committee believes that the executive compensation policies and programs described in this report serve the interests of the Company and its stockholders. Compensation levels for the executives are intended to be linked to, and commensurate with, Company performance. The Compensation Committee assesses the compensation policy and programs, and believes they should be measured over a period of time sufficiently long enough to determine whether the Company's strategic development and implementation are in line with, and responsive to, stockholder expectations.
